

Our mission

is to provide students from Canada and around the world with a highly structured and supportive educational program in a small, secure environment.

The Stanstead experience helps all students reach their full academic potential in preparation for university, develop healthy and active lifestyles, and understand the importance of respect, responsibility and self-discipline.

Prepare yourself

for life after high school by attending small classes where teachers are committed to helping students grow into intelligent, self-disciplined young men and women.

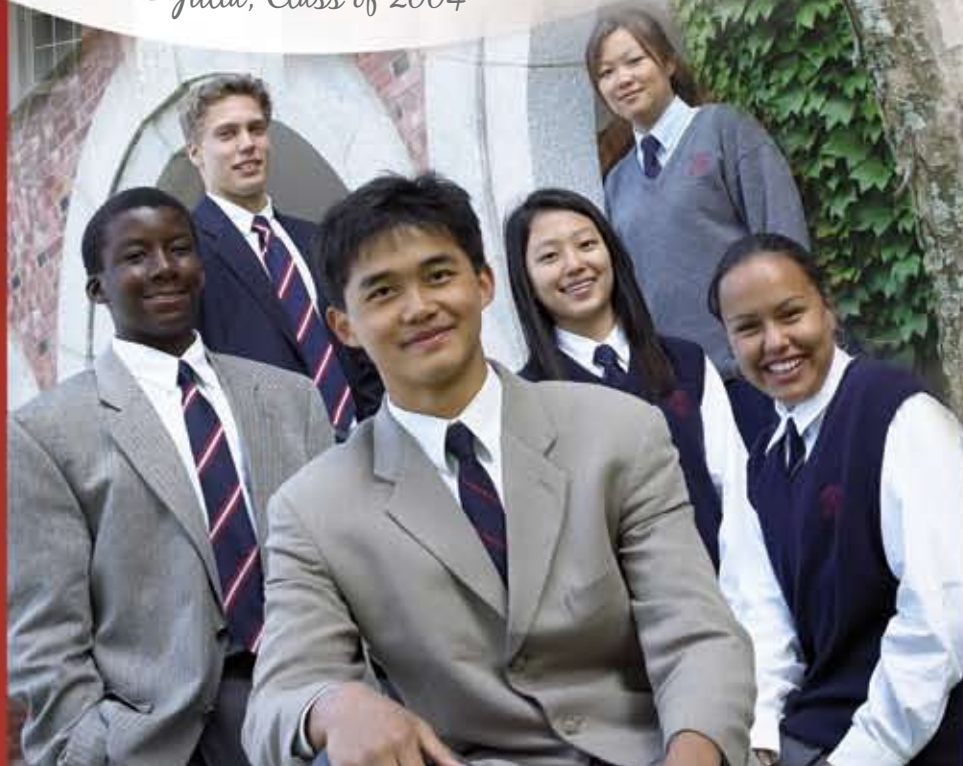

Regular meetings with advisors, family-style meals and a caring atmosphere ensure that students receive the attention they need, both academically and socially.

The Stanstead curriculum offers a broad range of courses, with core subjects in English, French, Mathematics and Science plus a wide variety of Advanced Placement options.

The Grade 12 program prepares students for direct university entrance throughout North America and worldwide.

Stanstead College provides students with the tools to engage in critical thinking, problem solving and teamwork.

"Coming to Stanstead made me the person I am today."
- Julia, Class of 2004

"I get a great education, play sports to my heart's content and meet people from all over the world."
- William,
Class of 2007

Push yourself

with a structured athletics program that encourages teamwork, fair play, confidence, perseverance and, above all, health.

Each term, students participate in one of many athletic options and have opportunities to compete against other local schools or in tournaments further afield.

Whether they choose team play such as hockey or basketball, individual sports like swimming and running, or recreational outdoor options, all students are encouraged and motivated to push themselves beyond their expectations.

Discover yourself

through opportunities that expose you to new ideas while developing strong social and leadership skills.

Living, studying and growing at Stanstead, students develop friendships that last a lifetime.

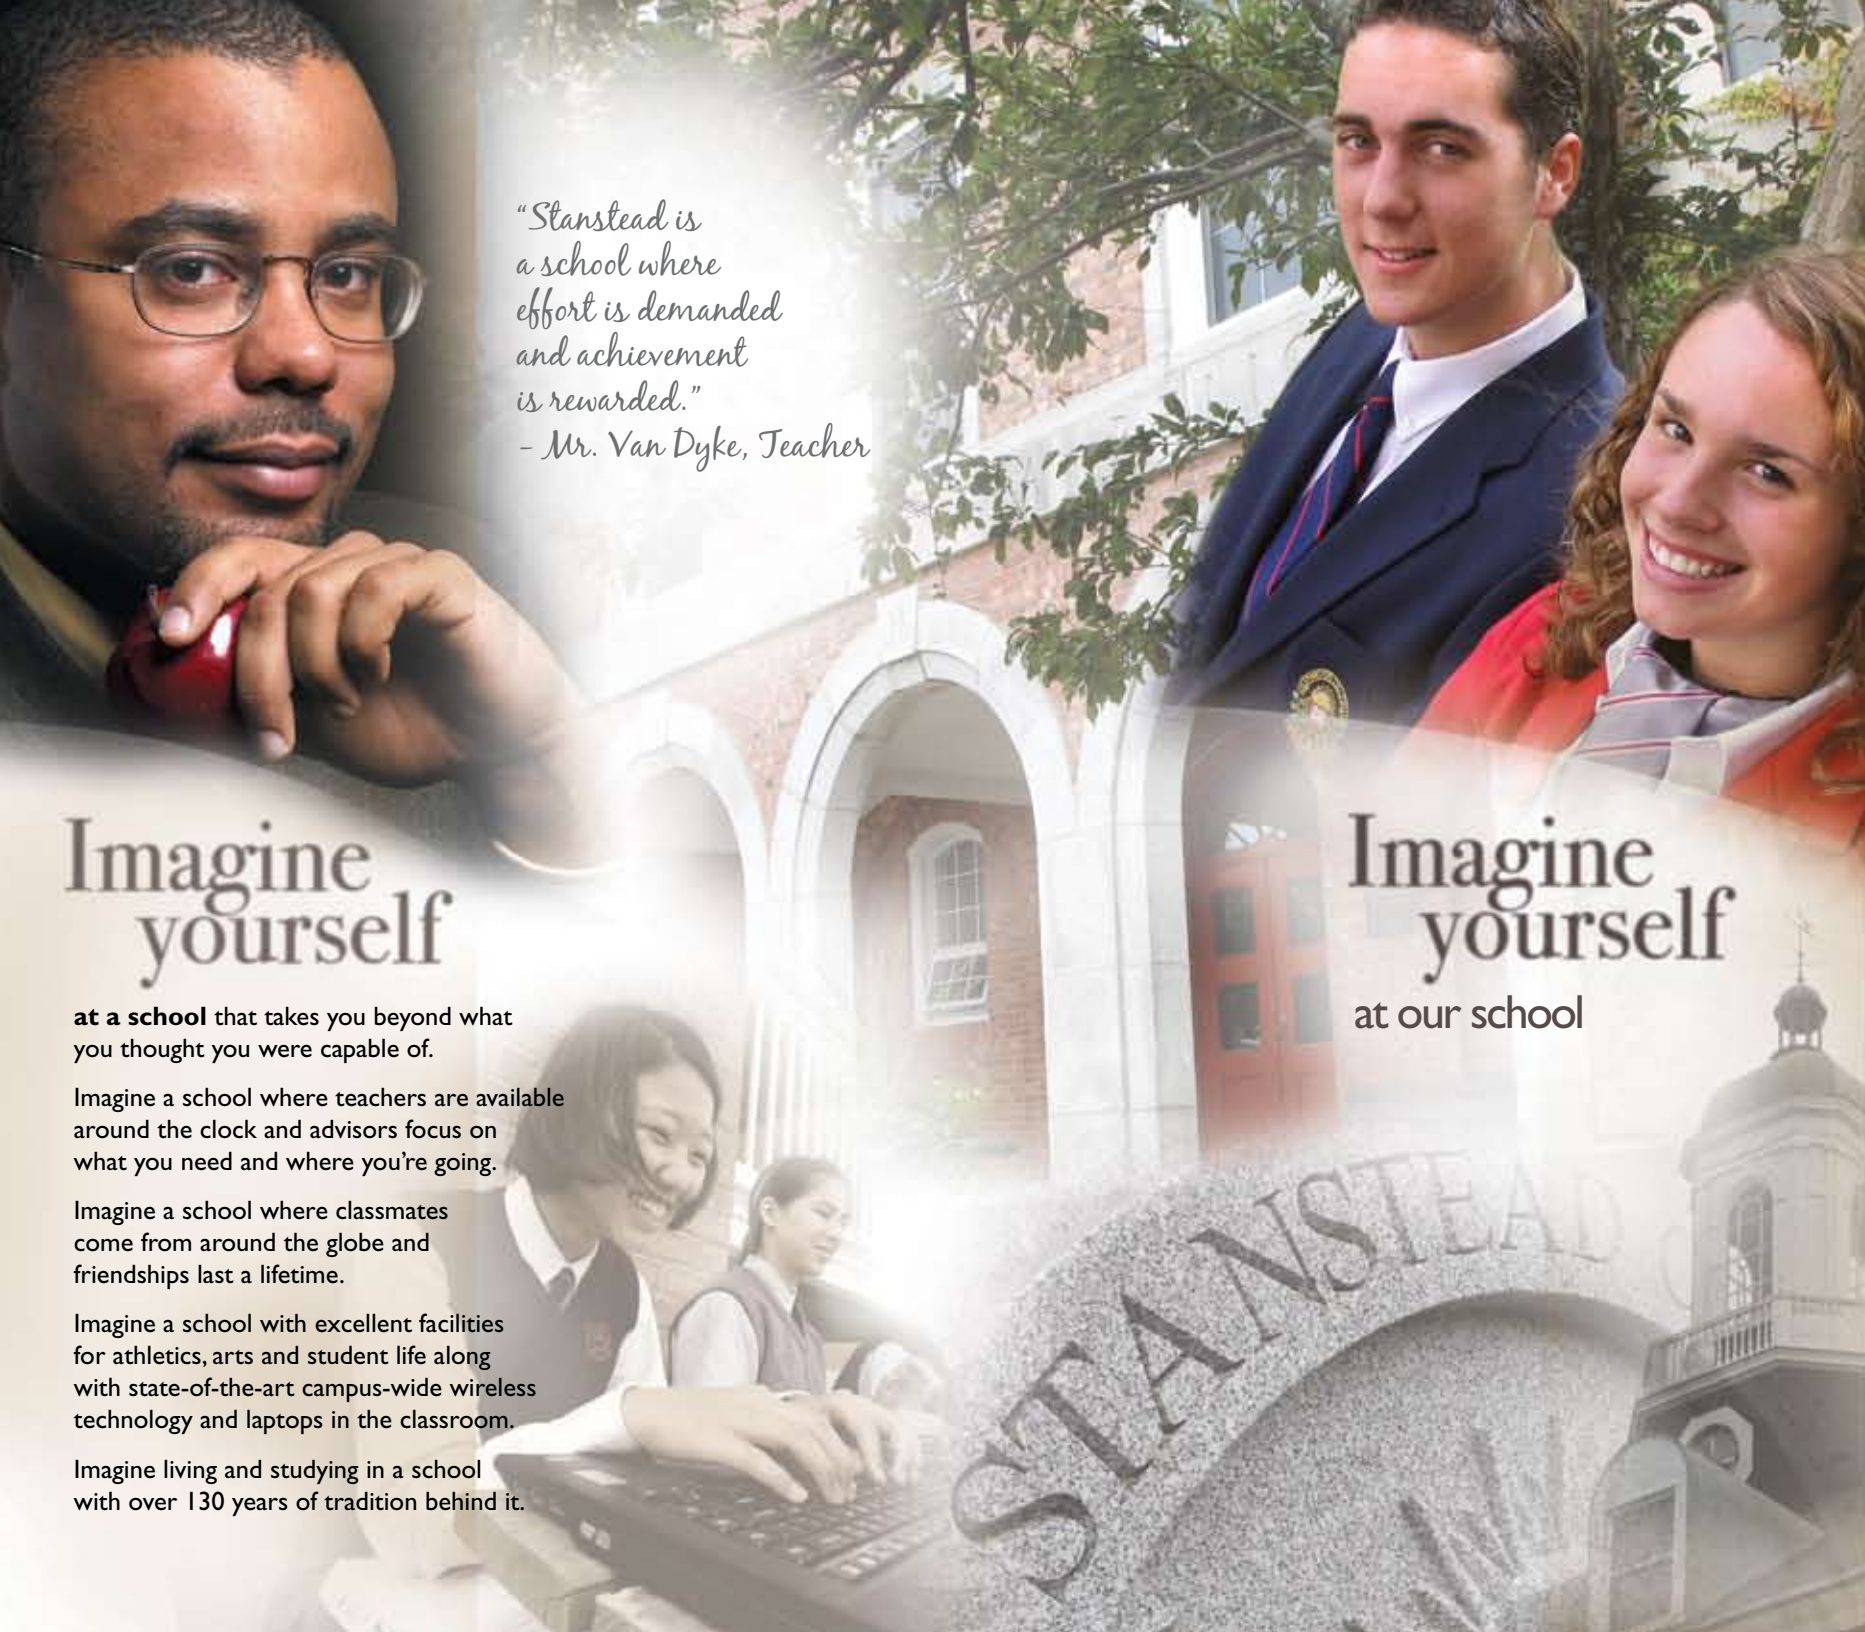

All students have the chance to explore their creative sides through music, drama and the visual arts.

Stanstead's many club activities provide the chance to expand horizons, share new interests with friends and develop unique skills.

Stanstead College is a member of Round Square, an international association of schools that promotes student leadership, community service and global understanding.

"This is a good place to find out about yourself, to learn what you can do."
- Sumiho,
Class of 2007

*"Stanstead is a school where effort is demanded and achievement is rewarded."
- Mr. Van Dyke, Teacher*

Imagine yourself

at a school that takes you beyond what you thought you were capable of.

Imagine a school where teachers are available around the clock and advisors focus on what you need and where you're going.

Imagine a school where classmates come from around the globe and friendships last a lifetime.

Imagine a school with excellent facilities for athletics, arts and student life along with state-of-the-art campus-wide wireless technology and laptops in the classroom.

Imagine living and studying in a school with over 130 years of tradition behind it.

Imagine yourself at our school
